FOREWORD

RIVERINA JERSEY LTD – WARREN, LOUISE, JORDAN AND LIAM BERRY

It is our pleasure to present this catalogue to you. We have talked for several years about having a bull sale (and a proposed female sale in the Autumn) but now seems the right time.

At Riverina we milk 700 cows, and we have started split calving (150 – 550) to reduce the workload in the Spring as we are both very much still hands on. The farm is 440ha (1000 acres) and is run as a self-contained farm with all youngstock remaining on farm year-round.

Over the years we have supplied LIC, CRV & Liberty with a number of bulls and now also Matriarch Genetics adds another option as the semen duopoly steadily reduce the number of bulls proven each year.

There is a good mixture of mainstream bulls, overseas, polled and unproven bulls used in our herd and as the sires of the bulls catalogued. As previous shareholders of Liberty Genetics and now members (with Warren being Chairperson) of Matriarch Genetics we realise the importance of genetic diversity while retaining BW, udders and capacity.

We are fourth generation Jersey farmers with 2026 being 100 years since Warren's great grandfather registered his first jersey cow under the Willersden prefix. We have since added cows from Okura, Lynbrook, Noakes, Merrivale, Cogden, Wheldon, Ferdon, Rossliff and Thornlea to name a few.

All the bulls in the sale have BVD tested negative (vaccinated), Lepto vaccinated (4 way), DNA profiled, A2 tested and to top it off have been genomically tested by DNZ. We were hoping to be able to share the genomic information with you but there has been some delays with the process so hopefully the information will be released by sale day.

Some dams, grandams and other family members will be available for viewing on the day as well as a BBQ.

The Berry family would like to extend our thanks to all purchasers and visitors for attending our inaugural bull sale. We look forward to presenting our female sale next Autumn.

PGG WRIGHTSON – ANDREW REYLAND

PGG Wrightson are excited to be conducting the 1st Annual Sale of Riverina Jerseys Bulls.

On inspection of the bulls we found them to be very quiet and well grown with many of them on target to be in excess of 320kgs by sale day (weights will be available on the day).

The average BW is 420 including several bulls sired by overseas genetics. Top bull has a BW 492.

The dams of these bulls perform in a large hard working herd environment. In fact the Riverina herd has been milked on three large challenging farms over the last 20 years, hence we can confidently promote the breeding potential of these sale bulls as being bred from no nonsense, robust, fertile and productive cow

families. You could certainly keep heifer replacements from them which would be expected to perform at a high level in any herd.

The bulls are all G3 profiled to their sire and where possible to their dams taking the guesswork out, allowing you to buy with confidence. No nasty surprises in nine months time.

Because this is an on farm sale it has the added benefit of 1/ being able to view female family members (drafted on day) to further confirm their breeding potential and 2/ bulls can be delivered over the next 10 days depending on purchaser's location.

Mark Monday 16th September on your calendar as a must attend sale.

CONDITIONS OF SALE

All bulls in the sale are covered by each AB companies IP rules whether that is LIC, CRV, Matriarch or Crescent Genetics and as such no semen may be collected from bulls without written permission from the respective AB companies.

Riverina Jersey Ltd retains a 30% semen share and 30% share of any semen sold on all bulls sold at the sale.

EVERY BULL A GUARANTEED BREEDER: The entry of any bull in this catalogue constitutes a guarantee by the Vendor that the purchase price without interest expenses, costs or damages shall be refunded if a bull proves totally infertile of service. If any bull entered does not possess a reasonable fertility, although not totally infertile, any dispute shall be settled by an arbitrator appointed by the Auctioneers.

Any complaint must be lodged with the Auctioneers by the 31st December 2024. The costs of taking delivery of and returning the bull to the vendor to be borne by the Purchaser. A Veterinary surgeon's Certificate shall be produced by the Purchaser when required the costs thereof to be borne by the Purchaser.

DELIVERY: All purchases, as is customary, will be at BUYERS RISK FROM FALL OF THE HAMMER.

INSURANCE: If Transit, or Annual Insurance is required, such cover can be arranged through the Auctioneers on application.

INSTRUCTIONS: Purchasers are asked to sign dockets before leaving the sale and to leave full and explicit transport instruction.

TRANSFERS: Vendors are responsible for completion of transfers. No purchaser shall be entitled to withhold payment for pedigree stock pending execution of delivery by the vendor of the same.

COMMISSIONS: If it is not possible to be present, the Company's Stud Stock specialists who are thoroughly conversant with the offering, will be glad to make selections upon specified lots according to instructions.

CATTLE FOR EXPORT: All pedigree Stock sold for export are to be inspected by Official inspectors of the Breed Society concerned prior to Export Certificates being granted for such stock.

NOTE: The Vendors assume responsibility for the customary 15% commission chargeable on all stock sold for export.

NAIT: All purchasers must supply their NAIT numbers at the time of registering to purchase.

OSH

Every effort will be taken by the Vendors, Auctioneers, their staff and assistants, both on the day of the sale as well as on any other visits of inspection to ensure the safety of intending buyers and visitors.

However, we advise that this is an operating dairy farm run under normal management conditions and certain dangers exist in relation to livestock and their environment.

Visitors should take all care to ensure their personal safety.

DISCLAIMER

All details and descriptions as to stock referred to in this catalogue or otherwise provided by the auctioneer or any other company employee or agent ("sales information") have been supplied by the Seller and have not been independently verified by the selling companies. The selling companies, their employees and agents make no representations or warranties or acknowledgement of any kind whatsoever in relation to any part of the sales information (including, but not limited to the accuracy or completeness of details and descriptions of stock and other contents).

Buyers, advisers and all other persons viewing or dealing with the stock must make their own assessment and judgement on the stock and sales information.

The selling companies, its employees and agents are not responsible

or liable in any way whatsoever, whether in contract, tort (including negligence), or otherwise, to any person for any loss or damage whatsoever arising directly or indirectly from any information or representation included in or omitted from.

ATTENTION

Under the Health and Safety at Work Act 2015, we wish to bring to your attention your responsibilities while attending this on-farm sale. You are in a multi-hazard area and are requested to observe the following rules:

- All children under the age of 16 must be accompanied and under the supervision of an adult
- You are not to enter any yards, pens or races where stock are being moved or held
- Keep to the walkways or within the flagged areas provided
- Report any accident to the site office
- If you see anything unsafe, report it to the site office
- Follow the directions of the Auctioneer and selling Companies at all times.

The auctioneer has overall control of this site, and will ask you to leave if the above rules are not followed.

This catalogue was designed by
Holstein Friesian New Zealand.

A real outcross by the USA bull Stoney. Out of an absolute star cow #554. Look at her fertility BV. Brother to Riverina Giovani S3J (318759) and Riverina Geronimo (322729). Probably should have used this bull as well. Sister #2. A1/A2.
