Auctioneer's Foreword

This year's line-up of well-bred & presented Jersey bulls are backed by many generations of high-quality female bloodlines.

Sired by the best type & production bulls currently available. They have been selected by their owners from the top individual's cows within their herd. Take a look at the footnotes in the catalogue—a large number of these sale bulls have brothers already at AI centres.

Heifer calves by this year's offering can be kept as replacements with confidence.

Farmers requiring well recorded high genetic merit bulls should attend this sale.

The Auctioneer

*Front Cover references: TOP RIGHT: **Ivondale McAlister**, four-year-old son of the world's champion Jersey, Woodland Felicie, sold at the 1936 National by Mr W. T. Dale (Te Aroha) for 300 guineas. A bull of great type and constitution rich with the blood of record-breakers, he was keenly sought after by buyers.*

*BOTTOM RIGHT: **Sybil's Volunteer**, grand champion at the National 1936. A bid of 175 gns at auction was refused by his owner, Mr J. S. Jones (Bell Block), and he was later sold privately to Mr Fred Phillips (Otorohanga).*

*TOP LEFT: **Santa Rosa Prince**. Mr J. A. Mitchell's two-year-old bull, sold at the National (1936) to Mr J. Rae (Taneatua) for 135 gns. He is by Brampton Coy Volunteer (imp.) from Viola's Queen Bess VHC, C.O.R. 658lbs at three years 282 days.*

*BOTTOM LEFT: **Waipiko Coronado**, the only bull offered by Mr C.G.C. Dermer, at the National (1936). He was sold to Mr J. Bartosh (Taihape) for 135 gns. By Waipiko Acme, from Waipiko Cacasika, he carries record-breaking blood in every line of his pedigree. His sire is a son of Holly Oak Annie, VHC.*

101st NATIONAL JERSEY BULL SALE

to be held at

TE AWAMUTU SALEYARDS SELLING COMPLEX
PATERANGI ROAD, TE AWAMUTU

In Conjunction with 

Thursday 19th September 2024

Sale commences 11.30 am sharp

Outstanding offering of High Genetically Bred Sires comprising -

44	Yearling Bulls
12	2/3 Year Bulls
<u>56</u>	Head

Plus 20 straws of semen to be sold at end of sale.

BW's up to 514, with 46 bulls over 400BW.

All Bulls meet TB requirements.

All Bulls have been BVD tested negative/vaccinated.

All Bulls are tagged per NAIT requirements.

All bulls sold subject to the NZ Stock and Station Agents Conditions of Sale as posted in the Sales Pavilion.

EVERY BULL A GUARANTEED BREEDER: The entry of any bull in this catalogue constitutes a guarantee by the Vendor that the purchase price without interest expenses, costs or damages shall be refunded if a bull proves totally infertile of service. If any bull entered does not possess a reasonable fertility, although not totally infertile, any dispute shall be settled by an arbitrator appointed by the Auctioneers.

Any complaint must be lodged with the Auctioneers by the 31st December 2024. The costs of taking delivery of and returning the bull to the vendor to be borne by the Purchaser. A Veterinary surgeon's Certificate shall be produced by the Purchaser when required the costs thereof to be borne by the Purchaser.

DELIVERY: All purchases, as is customary, will be at BUYERS RISK FROM FALL OF THE HAMMER.

INSURANCE: If Transit, or Annual Insurance is required, such cover can be arranged through the Auctioneers on application.

INSTRUCTIONS: Purchasers are asked to sign dockets before leaving the sale and to leave full and explicit transport instruction.

TRANSFERS: Vendors are responsible for completion of transfers. No purchaser shall be entitled to withhold payment for pedigree stock pending execution of delivery by the vendor of the same.

COMMISSIONS: If it is not possible to be present, the Company's Stud Stock specialists who are thoroughly conversant with the offering, will be glad to make selections upon specified lots according to instructions.

CATTLE FOR EXPORT: All pedigree Stock sold for export are to be inspected by Official inspectors of the Breed Society concerned prior to Export Certificates being granted for such stock.

NOTE: The Vendors assume responsibility for the customary 15% commission chargeable on all stock sold for export.

Auctioneers:

Andrew Reyland – Ph 027 223 7092
Jamie Cunninghame – Ph 027 583 3533

This sale will be hosted by bidr® (bidr.co.nz) as a HYBRID SALE-YARD auction, with online bidding and a live-stream available for online purchasers.

All intending online purchasers must register with bidr® using an account held with one of the bidr® partner agencies in advance of the sale date.

The bidr® team is available to assist intending purchasers with signing up and registering - please call 0800 TO BIDR (0800 86 2437), or email enquiries@bidr.co.nz for assistance at any point.

Alternatively, contact your local bidr® representative:

Unless otherwise stated in writing, all bulls are sold on the strict condition semen will not be collected from these animals. These bulls are approved for natural mating only.

If the purchaser does wish to use the bull for commercial AB collection, an agreement must first be reached with the vendor.

This clause must remain a condition of sale if a bull is further sold to a third party.

NAIT

All purchasers must supply their NAIT numbers at the time of registering to purchase.

DISCLAIMER:

All details and descriptions as to stock referred to in this catalogue or otherwise provided by the auctioneers ("sales information") have been supplied by the Seller and have not been independently verified by 'The Auctioneers'. 'The Auctioneers' and their employees make no representations or warranties or acknowledgement of any kind whatsoever in relation to any part of the sales information (including, but not limited to the accuracy or completeness of details and descriptions of stock and other contents).

Buyers, advisers and all other persons viewing or dealing with the stock must make their own assessment and judgment on the stock and sales information.

'The Auctioneers' are not responsible or liable in any way whatsoever, whether in contract, tort (including negligence), or otherwise, to any person for any loss or damage whatsoever arising directly or indirectly from any information or representation included in or omitted from.

ATTENTION:

Under the Health and Safety in Employment Act 1992, we wish to bring to your attention your responsibilities while attending this on-farm sale. You are in a multi-hazard area and are requested to observe the following rules:

- All children under the age of 16 must be accompanied and under the supervision of an adult
- You are not to enter any yards, pens or races where stock are being moved or held
- Keep to the walkways or within the flagged areas provided
- Report any accident to the site office
- If you see anything unsafe, report it to the site office

The auctioneer has overall control of this site, and will ask you to leave if the above rules are not followed.

OSH

Every effort will be taken by the Vendors, Auctioneers, their staff and assistants, both on the day of the sale as well as on any other visits of inspection to ensure the safety of intending buyers and visitors.

However we wish to advise that this is a saleyards run under normal management conditions and certain dangers exist in relation to livestock and their environment.

Visitors should take all care to ensure their personal safety.

Farm smarter.

Explore the benefits of Defer-A-Bull

pggwrightson.co.nz/defer-bull

Jerseys are the most profitable and sustainable breed under NZ's pastoral farming conditions, but there is now no one outside of Jerseydom who will promote their material advantages.

To better promote the indisputable advantages of the Jersey breed, Jersey Advantage is:

- Interfacing with DairyNZ, NZAEL and related entities.
- Engaging with Fonterra and all relevant processors to ensure fair and accurate milk and meat payments.
- Interfacing with MPI on matters of relevancy vs perception.
- Being proactive in the accuracy and evolution of genetic indices.
- Prepared to process and market its own product if this adds value for Jersey farmers.
- Prepared to run its own genetic improvement programs.
- Working to ensure that there is adequate funding to maintain our work program.

Jerseys have a material advantage in required replacement rate, better fertility, better feet, legs and better mobility, less calving difficulty, mastitis and collapsed udders. The required replacement rate for a Jersey herd is 4-5% lower than Holstein Friesian. This is pertinent when considering the price of rearing a replacement animal has increased by >50% in the last 10 years while the value of a MA cow has remained relatively static.

Jerseys, thanks to a dedicated group of high BW bull breeders, have kept up the rate of genetic gain vs other breeds. Unfortunately, now we see little reward or incentive as breed companies reduce Jersey bull intakes and increase Kiwi Cross. Both LIC and CRV see the cow of the future being a Kiwi Cross animal and parent breeds playing less of a role in bull selection. Recent semen sales data shows Jersey is 13.7% of total sales with only 41% of these straws going to Jersey cows. The Jersey Breed is in trouble, it should not be!

Jersey Advantage is funded by farmers and relies on the generous donations of those passionate about the success and longevity of the breed. We'd like to raise some operational funds by asking farmers and supporters to offer the proceeds from the sale of an R1 or R2 bull sold. Funds raised will go towards operational expenses, ongoing breed promotion and industry advocacy work. If you would like to donate, please email info@jerseyadvantage.co.nz

All the best for the bull sale season.

Is the cow you milk today, the type of cow you need for the future?

Jersey and Jersey Cross genetics deliver:

- Superior feed conversion efficiency
- More milk solids per kg of liveweight
- Higher fertility
- Greater calving ease
- Adaptability to OAD and a range of farming systems
- And the lowest environmental footprint at 12% more carbon efficient per kg/MS than Holstein Friesians

Only one breed delivers on all these traits. Try Jersey genetics this mating, for results that won't disappoint.

Visit www.jerseyadvantage.co.nz for more information.

High BW bull from a family known for longevity. Nevy Rai had 11 uninterrupted seasons, and her mother milked through to 16yrs without missing a year. Maternal grandsire, Kyrone, was one of those "what if" bulls with only nine daughters, but they were enough to lift his BW above ancestry to BW 488.

Eagle has at least four generations of outstanding production females behind him, and that is just on the bottom line. All these females have been contracted by AB companies on many occasions and several bulls purchased. The BWs and PWs are hard to beat. Nucleus adds support to both the production and conformation traits. Eagle has great promise. 307kg on 10/8. BVD virus test negative.

Sumo comes from a very tidy and productive female line. His dam was one of the top producers on our farm at both 2 and 3yrs and grandam is still performing above peers at 9yrs. Combining these genetics with the outstanding daughter proven sire, Little River Nucleus and you have a top package in Sumo. 310kg on 10/8, BVD virus test negative.

Another high BW bull with high fertility and udder BVs. His Misty half-sister was our top producing 2yo and she has been contracted to both LIC and CRV. Elvis' dam is a real worker as the PW and LW's indicate and has turned out to be one of our best breeding cows. Sired by Carrick, this bull has great potential. 300kg on 10/8. BVD virus test negative.

This golden-coloured, quiet, strong yearling bull has a solid, reliable family production history. His dam, Mount Cosy Stavos Polly, JG, is a good working cow, reliable and knows her job well. She is one of the highest producing cows in our herd. The sire, Puketawa King Carrick is a highly reputable bull. With his pedigree history, this golden-colored bull has a great future

Troy comes directly from Thornwood Goldies Trix. Pictured at 5 years. She is one of the very best I have milked. She is the dam of Thornwood Banff Titus 452BW, 0.92UD overall. Also Thornwood PKC Taonui getting his proof at LIC this year and a number in sire proving at CRV. A full Excellent pedigree complements this outstanding pedigree.

The information on this report is as recorded on the LIC MINDA database as at date of print, and LIC does not warrant the accuracy of the information provided

N = Induced T = At least 1 Abnormal Test in this Lactation # = GeneMark DNA Profiled # = Parentage Uncertain D / S ✓ = Parentage Confirmed by DNA
D = Lactation details include at least one derived test Indices exclude genomic information with the exception of some historical Herd BW values P001.50

THORNWOOD GOLDIES TRIX EXC
Dam of Lot 30.

Nickson is out of a Terrific dam 'Nadia' that has been featured for the last four seasons in our 'on farm' show teams. He is a bull that should leave high type and good milk.

Good looking bull with dark points - His dam is one of the nicest cows in the herd - probably should have been submitted for reclassification
