Foreword

It is with great excitement that we present the catalogue for Brooklands first annual yearling Jersey Bull sale.

In June 2023 after 15 years farming at Brooklands, an amazing once in a lifetime opportunity arose. The chance to purchase 300 elite females from Rodney and Jocelyn Dobson's Ashvale Jersey Stud.

These cows represent close to 50 years of breeding excellence.

They are a testament to what can be achieved with generation after generation of targeting specific genetic traits.

The resulting consistency in the heifers has to be seen to be believed.

It is our ambition to use this seed stock to grow our Jersey herd to 700 pedigree Jersey cows and continue the Dobson's legacy.

It is an exciting time to be breeding dairy cattle with tools such as sexed semen and genomic evaluation that are now available.

We are looking to the future with optimism and endless possibilities.

This year's bulls have been reared and grown on our run off block.

Their temperament and condition is a testament to the husbandry that they have received along the way.
