Open Day: Friday, 4th April 11am- 2pm

Vendor Foreword

It is with pride and some regret that Nicki and I offer this final complete line of females from Upland Park.

These animals were the result of ET programs on some top individuals, and they will certainly be a stepping stone into some of the best genetics at Upland Park.

All the heifers come forward in excellent order, many scanned in calf to their nominated AI and LIC contract matings. Two G3 Jersey bulls KWQL-23-97 and KWQL-23-100 tailed the heifers.

The four families represented include:

BEAUTY- Upland Park Jazzy Bea, the greatest cow bred at Upland Park has 4 direct daughters, 1 grand daughter and 7 great granddaughters for sale.

LILLIANA- This cracking KX cow has 6 R2yr daughters for sale, all LIC contract mated. Her two LIC Generate yearlings sold at our last sale have gone very well for their new owners.

- Upland Park Lacinta BW 656, PW 717, LW 1023 for Hamish O'Donnell and

- Upland Park SHL Lily BW 542, PW 627, LW 1074 for Glen & Chantal Wilson.
- 523038 Upland Park Lager-ET gBW 495/56 is awaiting an LIC proof.

IRENE- Many quality individuals from this family going back almost 50 years at Upland Park. Imogene the cover girl is the maternal sister to Indigo, the dam of these impressive heifers.

ROZ- Top type and production family.

Finally, we would like to thank all the people who have purchased stock in the past and those involved with the Upland Park stud over many years.

Good luck to all purchasers and those that get to be a part of our final line of females from Upland Park.

Andy & Nicki Walford

Agent Foreword

This final sale of the Upland Park Jersey Stud brings an end to 50+ years of breeding initially by Andrew's mother then continued by Andrew and Nicki. They can be well satisfied that Upland Park cattle and their proprietors have made a very strong contribution to the breed.

Andrew was part of a very enthusiastic cohort of capable young breeders many of whom have contributed strongly to JerseyNZ and the breed. It is unfortunate that a number of members of this group are now leaving.

Last year's sale of in-calf heifers has brought very positive comment from their new owners.

This year's offering consists mainly of ET Rising one and two year old daughters of 5 top cows retained for

breeding including contracts and Jersey cross progeny with high BWs

This offering brings Upland Park Jersey breeding activities to a close and we wish Andy, Nicki and family all the best in their future.

What a stunner!!!

Big, capacious and width throughout. She looks great underneath and is hard to fault. She is very similar to the very best we have had from our I family. A little later calving but will be worth the wait.

CONDITIONS OF SALE

FEMALE GUARANTEE: Every female shown as bred on a certain date, except any which may have been served within six weeks of the sale, is guaranteed in-calf. Every female where shown as pastured with a bull is guaranteed in-calf. This guarantee expires five weeks from day of sale.

Where this catalogue specifies an expected calving date (other than a pastured with bull expected calving date), and that date later proves to be completely inaccurate, the Vendor shall refund 25% of the purchase price direct to the Purchaser. As a basis of arbitration a period of fourteen days either side of specified calving date shall constitute the maximum tolerance allowed for calving. The 25% refund shall not apply where pastured with bull details and dates are printed in this catalogue, unless it is specifically stated that the specified calving date guarantee is to apply.

The foregoing conditions shall apply only after the following guarantees:

1. Where a veterinary certificate is supplied at the date of sale certifying the female as being in-calf, no further liability will fall on the Vendor subject always to liability under other clauses contained in the Conditions of Sale and the Special Conditions of Sale. The purchaser has the right to retest at his or her own expense before delivery is made from the place of sale.
2. Where a female is offered for sale as being in-calf, without a supporting Veterinary Certificate and the female is subsequently proved to be empty the Purchaser has the right to return the female to the Vendor or carry out such disposal as the Vendor may instruct and the Vendor will refund to the Purchaser the purchase price plus the transport costs only.
3. Mummified Calf: Where any female sold as being in calf proves to be carrying a mummified calf, no responsibility is to be born by the Vendor.
4. Yearling Heifer Guarantee:
 - a) Yearling Heifers sold as unmated, are sold with the guarantee to breed. The term to breed shall constitute to produce a calf, dead or alive. Should the heifer fail to produce a calf by 31 December 2026, the Vendor shall refund in full the purchase price.
 - b) Where a yearling heifer is sold as unmated, this constitutes a guarantee that the heifer is not in-calf as at the date of sale.
 - c) The use of MOET or IVP reproductive techniques on a female after purchase completely negates the breeding warranty.
5. Any complaint to the Auctioneers must be accompanied by a Veterinary Certificate; word of mouth will not be sufficient proof.

DELIVERY:	All purchases, as is customary, will be at BUYER'S RISK FROM FALL OF THE HAMMER.
PRICING:	All animals are sold in NZ dollars exclusive of GST, unless otherwise stated.
ONLINE PURCHASING:	You should only place a bid if you intend to buy the animal on offer at the price entered. If you place the winning bid where an Agency has agreed to accept the charges for any purchases made by a user in an Auction, charging will be applied to that agency for all lots purchased by the user in that Auction.
INSURANCE:	If Transit or Annual Insurance is required, such cover can be arranged through the Auctioneers on application.
INSTRUCTIONS:	Purchasers are asked to sign dockets before leaving the sale and to leave full and explicit transport instructions.
TRANSFERS:	Vendors are responsible for completion of all transfers. No purchaser shall be entitled to withhold payment for pedigree stock pending execution of delivery by the Vendor of the transfer of the same, registrable in the Stud Book.
COMMISSIONS:	If it is not possible to be present, the Company's Livestock Agents who are thoroughly conversant with the offering will be glad to make selections or bid on specified lots according to instructions.
TERMS:	Payment by 10 days following date of sale, unless otherwise advertised.
OTHER CONDITIONS	The sale is also subject to the general conditions of sale displayed at the sale.
